

## *Tech Ride*

In general, the concerts are acoustic for small halls (up to 100 seats).

If amplification is needed, the hall should provide appropriate equipment and technician, which includes one microphone for the guitar (preferably a hypercardioid), and another one for the comments

Always provide:

- One low chair with flat bottom and no armrest
- Safe dressing-room with a chair
- Bottled water

The musician arrives 90 minutes before the presentation.

# ANDRÉ RODRIGUES

Guitarist

P R I X  
O P U S

Lauréat

An 17 - 12/13
